Resources on Support for Threatened Health Professionals

- [National Abortion Federation's Security and Safe Access Program](#)
 - The NAF Security Department provides 24-hour emergency assistance, onsite security trainings and risk assessments, cyber security best practices, and on-the-ground support during large-scale, anti-abortion events for more than 480 clinic members. They also act as a liaison between clinics and law enforcement of all levels and provide intelligence and statistical data to enhance the protection of providers, where appropriate.
